Movie @ Duff's @ 1:30 Welcome Room

Dunkirk, Dir: Nolan 2017

The story follows a young soldier making his way out of Dunkirk during WW2. It should be the evacuation from three points of view: land, sea and air. Director, Nolan, weaves the story across the three narratives, and an ever changing timeline, to give the viewer some understanding of the desperation of the situation the British, French and Belgian armed forces found themselves in during the evacuation.
